Notice of Start of Sale of Face Mask Production Machine

Nakan Techno Co., Ltd. (Yoshihisa Sato, President and Representative Director), a consolidated subsidiary of Helios Techno Holding Co., Ltd., has started sales activities for a machine for the production of face masks.

1. Summary

Nakan Techno has started selling a face mask production machine in response to the global shortage of these masks caused by the new coronavirus pandemic. The specifications and production capacity of this machine are as follows.

Specifications

Model: JD-1580
(1) Dimensions: 6670 mm(L)×3510mm(W)×1800mm(H);
(2) Color: Warm Gray 1C (International standard)
(3) Weight: ≤2000kg, Floor load≤500KG/m²;
(4) Power supply: Machine 220V AC±5%, 50HZ, Rated output approximately 15KW;
(5) Compressed air: 0.5-0.7 MPa, flow of approximately 300L/min;
(6) Operating environment: Temperature 10-35°C, humidity 5-35%, no combustible or corrosive gases, no dust (minimum of class 100,000 cleanroom)
(7) Operators: 1 to 3

Production Capacity

(1) Production efficiency: 80-130 ppm (about 100 masks/minute)
(2) Production yield: 99% (assuming no problems with raw materials or machine operators)

2. Outlook

The start of sales of this machine will have an insignificant effect on results of operations. An announcement will be made promptly if there is any additional information that should be disclosed.
